

# INTRODUCING

## Miss Briana Winter

Dear future Students and Parents of Room 10

First off, I would like to say how excited I am to be spending next year with you at Whenuapai School. I will be teaching Year 5 and 6 in Room 10. I am a beginning teacher and this will be my first year of full time teaching, I'm sure it's going to be an amazing journey. I have recently completed my Bachelor of Education in 2017 at The University of Auckland.

I was born right here in Auckland and grew up on the North Shore with my family. Shortly after leaving school I decided to pursue my passion of becoming a teacher.

I am very creative and love working with the arts, including drama and visual art. I also know how to sew and have been known to make my own clothes every so often. I like to keep active and am a keen horse rider, as well as enjoying going for an adventure somewhere in New Zealand or taking my dog for a walk. I enjoy going to the beach on my days off with my family and friends. In the future I would like to do some more travelling abroad with South East Asia and Europe on my list.

My aim in my classroom is to have students enjoying themselves and their learning. I provide a safe and respectful learning environment where everyone is welcome. I believe that all students should be given the opportunity to unlock their greatest potential. Every single student in my class is seen to me as an individual with their own set of strengths, skills and interests. As an educator, I believe in enhancing these factors is essential to students learning.

I am happy to have a conversation in regards to any questions that may come up and have an open door policy. I am looking forward to my new position at Whenuapai School, with all the experiences and opportunities that follow.

You can contact me personally at [brianaw@whenuapai.school.nz](mailto:brianaw@whenuapai.school.nz)

I look forward to all the learning and enjoyment that we will have in 2018.

Briana Winter
