

# INTRODUCING

## Mr Karl Ganda

Welcome to the intermediate years at Whenuapai School.

My name is Karl Ganda and I'm excited about being the Year 7/8 Team Leader in 2018.

I live in Te Atatu Peninsula with my partner and two young daughters. I have a really wide range of interests and hobbies, from sport and outdoor activities, to music and movies. I particularly love learning - I can't get enough! That's why I've studied all sorts of things at university, and lived and travelled in many countries.

I loved being at school, especially in the intermediate years. It's a really special time, full of so much learning, and so many opportunities. In Year 7 and 8 at Whenuapai School, we focus on making links between our learning, ourselves, and the wider world, which is very exciting.

I believe that there is something really valuable and interesting in each area of the curriculum, and I love helping students to find this out for themselves. I'm particularly passionate about helping students discover how to learn and work more effectively on your own, and with others.

You can contact me personally at: [karlg@whenuapai.school.nz](mailto:karlg@whenuapai.school.nz)

I look forward to getting to know you and your family in 2018.

Karl Ganda
