

INTRODUCING

Mrs Matthys-Morris

Our School Principal

I am delighted to be the Principal at Whenuapai School. I am passionate about learning and teaching and believe that a student's achievement alongside social and emotional well-being is at the heart of the matter.

I have been a professional leader in both primary and full primary. I believe that a full primary learning environment is very exciting for young people throughout their eight year learning journey.

Currently I live on the North Shore with my husband Jim. We have five adult daughters between us, as well as eight grandchildren.

I look forward to forging positive relationships with our existing and new families in 2019. I would also like to extend a very special welcome to the children and their families for whom 2019 will signify the start of their primary educational journey at Whenuapai School.

Whenuapai School is well positioned to achieve greatness. Our team bring an amazing breath of talent, skill and energy to our Learning Community. On a personal level it is an absolute privilege to be the professional leader of Whenuapai School.

Our promise to our children is that we will work alongside them, we will provide guidance and support during their educational journey with us. We will assist them to acquire the skills that foster those dispositions necessary to support them to negotiate their lives, both in and out of school.

My door is always open.

Kind regards

Raewyn Matthys-Morris
