Kahu Term 3 - Week 5 Home-based and School-based Learning (August 17th - 21st, 2020)

Dear families,

The main place for students to keep up with instructions/updates is Google Classroom (classroom.google.com) during school hours. This will sometimes direct them to tasks on mystudentdashboard.com/workspaces. Students should aim to do some maths, literacy and inquiry each day.

Maths	Main tasks Check your Maths group Workspace on Hapara (www.mystudentdashboard.com) Use maths sites, e.g. Mathletics Prodigy Khan Academy Note: We are able to assign Mathletics tasks to children and respond to requests to set easier or harder work)	Extra opportunities Use maths sites, e.g. Mathletics Prodigy Khan Academy Try out maths simulations here
Literacy	Main tasks ☐ Writing: complete the Daily Challenge on Write That Essay ☐ Read a book! Or get some mileage in Reading Eggspress.	Extra opportunities Complete some "modules" in Write That Essay Share one example of the week's writing on Seesaw Review a book (or a big part of a book) and post on Seesaw. (See the brief on Google Classroom)
Inquiry/Creativity focus:	Main tasks Check the Healthy Body Healthy Mind Workspace - www.mystudentdashboard.com Choose which area you want to focus on. It should be the one that relates closest to your inquiry. You will join the Google Classroom for that topic. You will then have articles to read and discussions to be part of.	Extra opportunities Write a new pick-a-path story with a friend, or revive the one you did last time! epro8challenge.co.nz/electronics-simulator.html
Other Opportunities		☐ Tech projects! The team at Taupaki have put together some food, design, and digital challenges here
