

## Kea Team Home Learning - Week 5

All parents and students can now post pictures and comments for your teacher to see on HERO.  
<https://hero.linc-ed.com/>

Home learning 2021

Please post all your home learning work for your teacher to see and comment by **clicking on home learning 2021 and selecting the big yellow pencil.**

### Literacy

#### Must do:

- Read one story daily on sunshine online and complete the follow up activities
- Choose one of these writing prompts, draw a detailed picture, talk about what is happening and together write a story:
  - What did you learn about road safety at school last week?
  - If you could have any superpower what would it be and why?
  - Write about a time that made you really happy? What were you doing?

#### Can do:

- Handwriting - practise writing your letters the correct way
- If you want any advice on how to support your child's alphabet / word knowledge please email your classroom teacher

### Maths

#### Must do: Complete one of these tasks each day...

- Can you find 10 pairs in your house? Can you skip count in 2s to see how many there are altogether?
- Practise writing your numbers to 20 making sure you write them the correct way
- Play a game of 'Shake, Shake Show' - this is like paper scissors rock, using your fingers change how many you put up - first to add them up and call out the total gets a point

#### Can do:

- Write down some basic facts under 10/20 and see how quick you can answer them. Can you get quicker each day?
- Listen to Jack Hartman's counting songs: [Count up and back to 30](#) [Count to 100](#)

### Inquiry

At present we have been learning about Safety. Here are some activities that you may like to try this week!

- Road Safety: Last week we had a focus on road safety. Walk along your road. Talk with your child about how to cross the road safely. Talk about where is the safest place to cross the road and ask them why.
- Food safety: Another focus we were going to have this term was around food safety and preparation. Can you make a fruit salad with your family, talking about how you can safely prepare and chop the fruit up?
- Water Safety: We are crossing our fingers that we can still head to the pool for our water safety sessions. Have a look at the picture below. Can you spot the difference between them? Can you spot some things that are not safe?
