

Kiwi Team Home Learning - Week 5

All parents and students can now post pictures and comments for your teacher to see on HERO.
<https://hero.linc-ed.com/>

Home learning 2021

Please post all your home learning work for your teacher to see and comment by **clicking on home learning 2021 and selecting the big yellow pencil.**

Literacy

Must do:

- ★ Read a book either at home, or on Sunshine Online daily. Complete the follow up activities. After reading children may choose to write one of the following:
 - **Book review:** Include the title and author of the book, your favourite/least favourite part of the book, why you liked/disliked the story and a rating out of 5
 - **Character Description:** Draw a picture of a character from the story. Write a description about them using adjectives, including what they look like and their personality
- ★ 15 minutes uninterrupted writing daily! Put a timer on, and write for 15 minutes about any topic you like! Once finished, count your total words and proofread - check for capital letters and full stops, and correct any words you may have missed or spelt wrong.

Can do:

- ★ Read books at home
- ★ Handwriting - work on spelling words correctly
- ★ Write as rhyming words (start with log, sat, zip or top)
- ★ Read through newspapers/flyers and look for sight words

Maths

Must do (complete these throughout the course of the week)

- ★ **Basic facts:** We are learning to recall basic facts quickly! Write out addition and subtraction problems up to 20 and see how many you can do in 5 minutes! If you would like to do this online, [this is a great website](#) (we are working on Stage 4, but practice 2-3 and 5+ if needed!)
- ★ **Time:** Create a routine for yourself to follow through lockdown. What time is it when you wake up and go to sleep? What does that look like on the clock? Add in any other important parts of the day (meals, exercise, learning). Create a timetable like we have at school, and add the times next to each!
- ★ **Mass:** Look around your house for objects. Compare objects to one another, using the language 'as heavy as', 'lighter than', 'heavier than'. Create a list of household objects, listing them from 'lightest' to 'heaviest'. **Extra for Experts:** Weigh the objects using scales
- ★ **Place Value:** Choose numbers between 1-1000. How many hundreds, tens and ones are in each number? Order them from smallest to largest.

Can do:

- ★ Play board games with siblings or family
- ★ Practice skip-counting in 2s, 5s and 10s
- ★ Play card games such as Go Fish or Snap
- ★ Play games like Number Hangman, or Guess my Number

Inquiry

At present we have been learning about Safety. Here are some activities that you may like to work on this week!

- ★ **Road safety:** Walk along your road. Talk with your child about how to cross the road safely. Can you see any signs that make the road a safer place? Notice any signs you see - record them and their meaning when you get home.
- ★ **Food safety:** Cook alongside your child. Explain why we do certain things in the kitchen (e.g. washing boards after cutting chicken). Write a recipe together - include any food safety information

Room 11's Class Zoom Sessions: Password: kiwi
[Monday 11am](#) | [Wednesday 11am](#) | [Friday 11am](#)

Room 12's Class Zoom Sessions are.. Password: kiwi
