

Online Learning

Distance learning

Sadly, we won't have school this week until Thursday. Until then I have arranged a few activities for you to do over the upcoming week.

If there is a specific topic you would like to work on that does not appear on the choice board or you would like to improve on, send me an email and I am more than happy to provide an activity for you.

I would like you to choose at least 2 of these activities to do a day. Email or send me a picture of your work so I can keep track of what you are doing. If there is anything you need help with please email me at charlotteg@whenuapai.school.nz

Distance learning Rm7 Monday

Reading

Go onto epic and read one of the books from this [safety collection](#).

Find and write down 5 facts about safety from the book you read.

Chinese New Year

This Chinese New Year is the year of the Ox. In celebration create this ox corner bookmark using origami.

Follow these [instructions](#) to create the corner bookmark then decorate it with what you have at Home.

Look at this [Powerpoint](#) about Chinese new year. Research one of the traditions practiced over this holiday and create a poster which explains:

- What it is
- Why it is practiced
- How it is carried out
- The history behind it

Movie/Book Review:

No doubt you will be either reading a good book or watching a good movie during your time away, why not write a review about it?

Distance learning Rm7 Tuesday

Letter writing

We have been working on our letters to our future selves in class. Thinking about the structure of a letter have a go at the activity below.

We will be having class jobs in class and I would like you to write me a letter explaining why you think you'd be the best person for that particular job.

The class jobs available are:

Teacher helper, tech assistant, librarian, bin monitors, noise monitor, energy monitor table cleaners, messenger, equipment assistant.

[Writing checklist](#)

Problem solving

Here is a powerpoint filled with maths [Problem Solving Questions](#). Choose one or more questions, show your working and send me a picture of how you solved it.

Online Safety

Being safe digitally is very important.

Have a go at some of these digital passport games [here](#) to test your knowledge on digital safety.

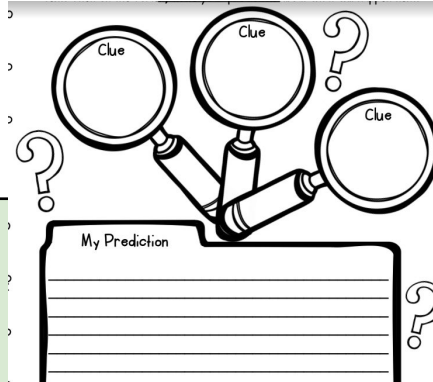

Distance learning Rm7 Wednesday

Reading

Go onto epic and find a book that you are interested in. Before you read it use the front cover and title to predict what you think will happen in the book.

Making predictions

Problem solving

Here is a powerpoint filled with maths [Problem Solving Questions](#). Choose one or more questions, show your working and send me a picture of how you solved it.

Fire Safety

Something that is important is to know where it is safe if there is a fire at home.

To understand this it is great to have a fire plan so you know where to go.

Draw an accurate layout of your house and then add in the arrows from where your exits are from each room to the nearest exit out of your house.
